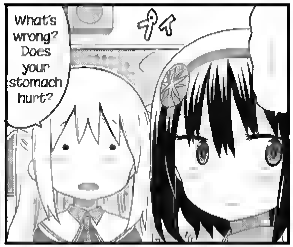
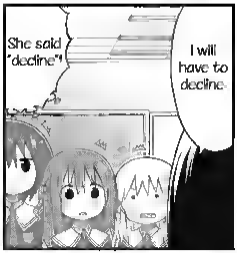
We're neighbours you know?!
Kei-chan where do you live? Let's go home together!



What's wrong? Does your stomach hurt?
ナイ



She said "decline"!
I will have to decline.

!
The three of us have been together since we were kids!

……
My father is coming to pick me up so..
What's up with that girl? We even invited her..
I'm sure her house is far away from here.

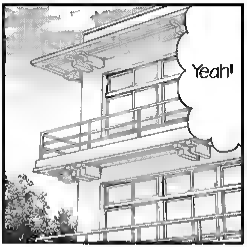
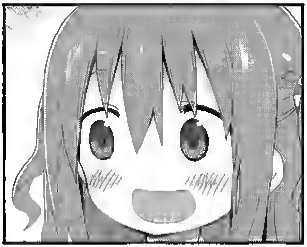
Misono-kouef-san? Never heard that name.
Mum!
Hey there
B-But...
That's right Mi-chan! I'm sure she'd be sad if she heard ya sayin that!
Come on now Don't say things like that
I don't think I'll be able to be friends with her...
!
Wouldn't you feel lonely if you were the only one who had to walk home alone?
That's because you three are already friends.
She was so cold to us when we invited her...

You three are the only ones who can become her friends.
In a place like this...



Yeah!



Good-morning, Kei-chan!

I love rice! We're always makin it at my place so you should come by some-time!
Kei-chan do you have any favorite food?
さと
\ kei-chan! /
Yeah, I just have to do what I did with Kei-chan.
Kei-chan, let's eat lunch together! I made a lot of extra side dishes!
Hey, Isn't that girl kinda scary?
Y Yeah and she's staring in this direction...

I will have to decline.

ニヘラ

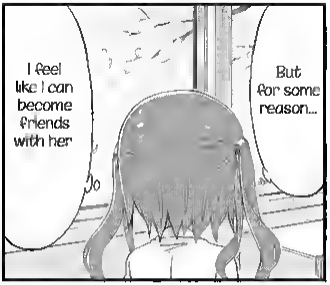
Hey, the class room is over here.

……

Was it weird of me to suddenly smile at her?
She left..

Ah!
ニヘラ

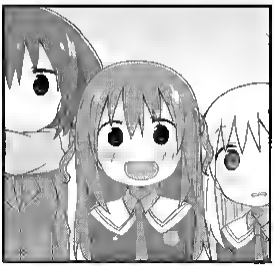
Yeah!
What? You're invitin her again?



I feel like I can become friends with her
But for some reason...

Yup
Kei-chan!
If Nana's like that, I guess we have no choice but to follow along.

But today might be the day she'll come with us!
She's always gone home by car, ya should quit while ya are ahead



Let's go home toge-ther...
Kei-chan!
